Delegates Will Be Sent by Western Federation of Miners to Convention at Chicago This Fall to Further the Political Movement.

Missing Man Alleged to Have Packed Money in a Suit Case, and Saying He Would Spend Sunday in Country Smilingly Skipped.

Denver, July 3.—Charles H. Moyer and William D. Haywood will continue as president and secretary-treasurer respectively of the Western Federation of Miners, being re-elected by the Federation convention, although they are imprisoned in Idaho on the charge of complicity in the murder of former Governor Steunenberg.

As the constitution of the Federation forbids the election of these positions as members not in attendance at the convention, the election of president and secretary-treasurer was passed by general consent, no re-nominations being made for these offices, and under the constitution the incumbents will hold over until their successors are chosen. L. W. Callahan of Index, Wash., was elected alternate member of the executive board for district No. 2, to serve in the absence of Jack Simpkins, who disappeared after the murder of Governor Steunenberg, and who was continued in office in the same manner as were the president and the secretary-treasurer.

The convention adopted the report of the special committee containing instructions to the delegates to be sent to the convention, to be held at Chicago on Oct. 1 next, for the purpose of forming a new industrial labor union organization which is intended to take an active part in politics and elections. The Brewery Workers' union, the United Mine Workers of America and other such unions as desire to join the movement are invited to send delegates to the convention.

TOLD OF INTENTION.

Eugene Englee of Colorado Gives Some Interesting Testimony.

Boise, Ida., July 3.—In the Haywood trial Tuesday Eugene Englee, former attorney general of Colorado, swore that Orchard told him of the loss of a big share in the Hercules mine, and of his intention to kill Steunenberg. Englee told at great length how the military authorities at Cripple Creek defied the purposes of the civil courts; how he himself was deported from Telluride, where he went as counsel for the Federation, and how he was later deported from Cripple Creek the day the mob destroyed the union store.

Another unusual feature was contributed to this unusual crime with its background of plots and counterplots, criminal, industrial and political, by the appearance as a witness for the defense of E. L. McPartland, a brother of James McPartland, who worked up the case against Haywood, Moyer and Pettibone and obtained Orchard's confession.

This McPartland is a shoemaker at Manitou, and he came to tell that while he was following his peaceful craft at Victor during the strike he was unceremoniously taken from his last by the militia, thrown into the "bullpen" and then deported.

RETURN TO WORK.

Discomfort Suffered by New Yorkers Comes to an End.

New York, July 3.—The discomfort which New Yorkers have suffered for several days by failure to receive ice because of a strike of the drivers of the wagons of the American Ice company was the presence of piles of rotten garbage in the East Side streets because of the strike of drivers of the city garbage collection wagons has been practically ended. All the drivers of garbage wagons returned to their work under promise from Mayor McClellan that their grievances will be considered. The strike of the ice wagon drivers was broken by a large number of strikers and individuals without authorization of the union returning to work. Although some of these ice men continued the strike, and the officers of the union declared they were about to extend it, the officials of the ice company declared that the worst of the strike was over, and that the delivery of ice would soon be normal.

WHITWELL'S BIG BLAZE.

Four Large Establishments and Contents Destroyed by Fire.

Whitwell, Tenn., July 3.—A fire which was extinguished at 2:30 o'clock Wednesday morning destroyed the establishments of the Whitwell Mercantile company, Yates & Yaley Hardware company and Hutcheson Hardware company. An unoccupied residence was also consumed.

Casino Burns.

Norfolk, Va., July 3.—Fire, supposed to have originated from defective wiring, destroyed the Casino building on the bluff overlooking the James river at Newport News. The Casino was one of the landmarks of Newport News, having been erected twenty years ago. For many years it was used for social purposes. The loss is \$16,000; insurance, \$8,000.

New York, July 3.—Reports that have been in circulation in the financial district of a defalcation in a prominent banking concern have been confirmed, according to the story just published. The concern is said to be an up-town trust company and the amount taken is placed at \$96,000. The robbery is described as a remarkable one. It was committed by the paying teller, who took all the cash available, placed it in a suit case, which he brought to the office with him and then smilingly bade goodbye to his associates in the bank, saying he was going into the country over Sunday. The defauling teller had been in the employ of the trust company for three years and earned a good salary, lived a temperate life so far as known and was implicitly trusted.

It is stated that Chester B. Runyan, paying teller of the Windsor Trust company, the directors allege, took the money. Detectives throughout the United States are searching for him.

George W. Young, a director of the trust company, confirms the reports of the defalcation. Runyan, it is said, did not even go to his apartments to bid goodbye to his wife to whom he has been married five years. Runyan is alleged to have taken all cash available in the bank last Saturday. The directors, it is stated, made up all loss by the defalcation.

When auditors went over his accounts on May 1 they found them all right.

SIX MORE STEAMERS.

Southern Pacific Company to Extend Its Service.

New York, July 3.—Considerable extension of its coastwise steamship service is being planned by the Southern Pacific company, the details of which are now being worked out by C. W. Jungen, manager, and associates. This will include larger service between Baltimore, Philadelphia, Galveston and New Orleans, and cover the need for additional ships. Contracts will be let shortly for six new freight steamers. According to the company's idea at present, the new vessels are exclusively for freight transportation and of 6,000 to 7,000 tons displacement, with very large cargo carrying capacity. The vessels will have a contract speed of not less than fifteen knots.

HURLED AGAINST TREE.

Young Lady Meets Death and Three Other Persons Injured.

Wellesley, Mass., July 3.—In the wreck of an automobile here early Wednesday one young woman was killed and three persons injured. The dead is Miss Margarette Swanton of Waltham. The injured: Miss Margaret Turpin, William Walsh and Frank McLaughlin, all of Waltham. The four people were returning from South Framingham to Waltham, in a large touring car, when in an effort to escape colliding with another car, crossing its path, the driver turned his car from the road, jumping a stone wall and crashing into a tree. The machine turned a complete somersault, hurling the occupants to the ground. Miss Swanton was thrown with frightful force against the trunk of the tree and instantly killed. The other three passengers were badly shocked and received cuts and bruises.

FOR FOURTH TERM.

Mayor Schmitz States He Will Again Be a Candidate.

San Francisco, July 3.—Mayor Eugene Schmitz, who is awaiting sentence under conviction of extortion, in an interview authorized the Associated Press to say that he will be a candidate for re-election to a fourth term, and that he has already begun the preliminary work of his campaign. Another announcement by the mayor is that he will bring mandamus proceedings against Judge Dunne if his sentence is not forthcoming next Monday, as promised.

HALF CENT PER POUND.

There Was Excited Trading on New York Cotton Exchange.

New York, July 3.—The price of July cotton advanced \$2.50 per bale, or about half a cent per pound, in excited trading on the New York Cotton Exchange at the opening of the market Wednesday. Before the first upward rush was over July was quoted at 13 cents per pound, but under heavy realizing soon lost nearly all this advance. Prices options on later months advanced 5 to 10 points and trading continued active in the forenoon.

BRYAN, TEXAS, JULY 4, 1907

The man who speaks an encouraging word for his town and its enterprises and spends his money for home labor and home supplies may not be called by a title, but no man has a better right to respond to the roll call of good citizenship.

We see where some enterprising fellow has been knocking the boll weevils off of his cotton with a brush tied on to his single trees, and plowing them under. This is the kind of inventive genius that pays a good dividend on the farm.

The farmers who know how to master the boll weevils at one end of the cotton crop and the cotton gamblers at the other end have won the fight for industrial independence. Intelligent cultural methods and learning the business from the ground up are doing the business.

Engineer Thompson reports 137 miles of railroad built in Texas in the past half year, with a total of 12,717 miles in the state. There are 479 miles under construction and 212.7 substantially projected. This is certainly a creditable showing for the state and will look well in the literature of the Five Million Club.

The man on whom the salvation of this country depends is the "average man." This man is not a brilliant man in any sense of the word. He is of the dependable kind, the kind that is always there when wanted. There is no show about him, he never makes the attempt to say or do brilliant things, for that is not nature, and he is, above everything else, natural; he is modest and unassuming, and yet he has the confidence in himself that is necessary to "do things," although there is no demonstration, no ostentation, in anything he does—it is done, and that is all there is about it. The average man is satisfied with the lot he possesses, desiring at all times to do the best way possible. He is the backbone of the nation, the salt of the earth, and the kind that is in demand everywhere at

SIXTEEN SO STATE.

That Number of Companies Are to Withdraw.

Austin, July 3.—Insurance Commissioner Milner says that up to this time sixteen life insurance companies, paying total occupation taxes of \$138,450, have signified their intention of withdrawing from the state.

State Purchasing Agent Davie awarded contracts as follows: T. W. Mars, Taylor, green coffee for all institutions; Nelson Davis, Austin, molasses and rice, all institutions; sugar for Austin; John Bremond, Austin, powdered sugar all institutions; Texas Star Flour mills, Galveston, flour for Abilene and Austin institutions.

Assistant Attorney General Hawkins holds that the new law reorganizing the state militia as the Texas Volunteer Guard fails to make provision for the state health officer to be surgeon general with rank of colonel, as heretofore, and that the governor must appoint the surgeon general of the militia.

STILL UNKNOWN.

Marshal and Deputies Unable to Locate John D. Rockefeller.

New York, July 3.—The whereabouts of John D. Rockefeller were still unknown Wednesday to United States Marshal Henkel and deputies, who are trying to serve a subpoena on him to attend court at Chicago July 6. Six process servers were on guard Friday night and Wednesday around Mr. Rockefeller's estate, near Tarrytown, N. Y., but their vigil was unrewarded. Entrance to the estate is permitted only after identification by men employed about the farm.

At the office of the Standard Oil company nothing could be learned, either as to Mr. Rockefeller's whereabouts or as to whether he intends to give the United States deputy marshals who are searching for him in three states an opportunity to serve summons.

MRS. ROCKEFELLER ILL.

She Is Suffering From Nervousness and Has Nurse.

Cleveland, July 3.—Deputy United States marshals continued their search for John D. Rockefeller here Wednesday for the purpose of serving him with a subpoena to appear at Chicago next Saturday. Marshal Chandler said he still felt confident Mr. Rockefeller is in or near Cleveland and service on him will be obtained before many hours. More than twenty deputies, each with a copy of the subpoena are now searching for Mr. Rockefeller in this city and suburbs.

As a result of the excitement incident to the Rockefeller residence being placed under guard, it is said Mrs. Rockefeller has become seriously ill. She is suffering from nervousness and is attended by a trained nurse.

CHARLES JONES IDENTIFIED.

Negro Has Been Identified as One of the Burglars.

Houston, July 3.—Charlie Jones, a negro, aged twenty-nine, has been identified by Mrs. Jacob Pryer as the person who burglarized the Pryer store and set fire to the building, which resulted in three Pryer children being burned to death. All other suspects have been discharged.

Eugene Nolte of San Antonio, Col. A. J. Houston of Beaumont, C. C. Brewster of Galveston, and George H. Green of Dallas, United States marshals for Texas, met here, and decided to bring action to test the constitutionality of the Texas anti-free pass law, which becomes effective on 12th.

SHOW DISCREPANCIES.

Cowan Favors Texas Legislature Making an Investigation.

Fort Worth, July 3.—In interview here Hon. Sam H. Cowan, who has just returned from Washington, where he represented the Texas Cattle Raisers' association before the interstate commission, says the reports of railroads as made to the Texas railroad commission and to the interstate commerce commission show discrepancies. He desires the legislature to appropriate a sum to be used in investigating it.

This For Catarrh.

See tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever. Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like Imported Petrolatum. This Creation—Dr. Shoop's Catarrh Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination.

If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally if a complete cure is to be expected. Otherwise the Dr. Shoop's Catarrh Remedy will alone be entirely sufficient. Write Dr. Shoop, Racine, Wis. for sample and book. Sold by Druggists everywhere.

To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles. General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers". Even then, in old chronic cases, originating because of a torpid Liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. None genuine without Dr. Shoop's name on the package. Sold at 50 cents by

LONE STAR LAWYERS.

Texas Bar Association Convenes at City of Beaumont.

Beaumont, July 3.—About 200 delegates were in attendance at the opening session of the 1907 convention of the Texas Bar association. President Minor of the Jefferson County Bar association delivered the address of welcome, to which Hon. W. L. Estes of Texarkana, by request, responded.

The address of President Beaty of Sherman, an interesting document, was read by that gentleman.

About fifty new members were elected. The membership is nearly 500.

The reports of the secretary and treasurer showed the association to be in the most flourishing condition in its history.

Edgar Watkins of Houston discussed the question, "Should the Legal Status of the Negro Be Changed?" He touched upon some very important points in the race question.

J. L. Young of Cooper read the report of the committee on jurisprudence and law reform in the absence of George Thompson of Fort Worth.

W. M. Holland of Dallas then read a paper on "The Liability of Trusts For Private Wrongs."

A. P. Dohoney of Paris read the report of the committee on judicial administration and remedial procedure, and the report was adopted without discussion.

John Charles Harris of Houston read a paper on "Legal Ethics."

The committee on legal education and admission to the bar had prepared no report, but Clarence Miller of Austin presented the following resolution, which was adopted without discussion:

"Resolved, That the act regulating the granting of license to practice law be so amended as to provide for the appointment by the supreme court of the state of a board of legal examiners, to consist of one from each supreme judicial district, the examinations to be held at a time and place and in the manner as prescribed by law, except as modified by this amendment."

R. A. John of Beaumont read a paper on "Uniform Legislation."

DIABOLICAL DEED.

Tha Negroes Did Awful Crime Is Without Question.

Houston, July 3.—That the fire which destroyed the grocery store of Jacob Pryer and caused his three little boys to be burned to death was caused by negro burglars is beyond question.

When entrance had been effected the burglars emptied a can of coal oil and gasoline on the floor and stairs leading to the floor above. This done, they examined the cash register, which they found was empty. Evidently knowing that the family slept above the stairs, and probably that Mr. Pryer had the cash about him, one of the robbers went above, while the other stood guard at the foot of the stairs.

When the burglar reached the sleeping room, in groping about, he touched Mrs. Pryer and awakened her. She called out to her husband that there was some one in the room.

"You are dreaming," the husband said drowsily.

"No," she replied, "I see him distinctly at the window. Turn up the light."

A lamp was standing on the dresser, turned low, as Mrs. Pryer was ill, and Mr. Pryer reached over and turned up the blaze. As he did this his wife saw a "big nigger," as she expressed it, run down the stairs. Mr. Pryer, as his wife screamed, sprang out of bed, caught up the lamp and rushed to the top of the stairs. As he did so, there was a loud explosion, and the whole passage below was enveloped in flames.

In the room with Pryer and his wife were two girls, Bessie, aged three years, and Mollie, ten weeks old. The three boys were sleeping in another room.

Pryer jumped down. He stood in his wagon, and his wife passed him down the two girls. He made frantic efforts to climb after the boys, but the flames prevented. Mrs. Pryer is critically ill.

BOTH FEET CUT OFF.

Deplorable Accident That Maims a Little Girl For Life.

Dublin, Tex., July 3.—Willie Jordan, the twelve-year-old daughter of Engineer Jordan, was run over and both feet severed at the ankles in the Texas Central yards. She became confused in getting away from an advancing engine and stepped in front of one backing up on another track. The engineer did not see her until he had gone twenty or thirty feet, the tender and engine both passing over her feet. She was carried to the sanitarium and is resting well.

OIL IN DALLAS COUNTY.

Discovered Under the Land of I. J. Willingham.

Dallas, July 3.—Under the farm of I. J. Willingham, eight miles west of here, oil has been discovered at depths varying from 135 to 279 feet. Mr. Willingham says he will continue boring, if necessary, 1,500 feet. He owns 2,200 acres two and a half miles south of Stop 23 on the Interurban railway. The grade is said to be good.

Horribly and Fatally Burned.

Alpine, Tex., July 3.—On the ranch of J. A. Pruett, her brother-in-law, Miss Bessie Russell's clothing caught fire and she was horribly burned. Death ended her sufferings.

Soldiers Have Typhoid Fever.

San Antonio, July 3.—Twelve soldiers at Fort Sam Houston have typhoid fever.

ANXIOUS TO REMARRY.

Burns Husband to Death to Wed Former Sweetheart.

Scranton, Pa., July 3.—Mrs. Kindra Horesto, aged eighteen years, of Dunmore, is in the county jail charged with having burned her husband to death that she might be free to marry her former lover, Ignatiz Huttore, who is also in jail, charged with being an accessory. The police officials say that Mrs. Horesto has confessed and given all the details of the crime. All the parties are Lithuanians.

Bitten by Rattlesnake.

Meridian, Tex., July 3.—George Paulson, a little boy, was bitten by a rattlesnake. He will recover.

Oklahoma Man Appointed.

Washington, July 3.—The attorney general appointed Isaac B. Taylor of Oklahoma as attorney to look after naturalization cases.

Death Penalty For John Brown.

Cuero, Tex., July 3.—After being out all night the jury in the John Brown rape case brought in a verdict of guilty, with the death penalty.

Large Embezzlement Alleged.

Berlin, July 3.—Herr Knorr, a banker of Anklam, Pomerania, has been arrested on charge of embezzling \$200,000.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, cures nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—a general tonic to the system. For positive local help, use as well

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell
